

## **ABSTRACT TITLE SHOULD BE CENTERED (14-SIZE BOLD TIMES NEW ROMAN FONT)**

**Author1 A. Example,<sup>1</sup> Author2 B. Example,<sup>1</sup> and Author3 C. Example<sup>2</sup>**

<sup>1</sup>*Department, University, Address, City, Country*

<sup>2</sup>*Institute, Address, City, Country*

*E-mail: presenting.author@univ.com and corresponding.author@company.com  
(Author affiliations and contact information, centered, 12-point Times New Roman Italics)*

### **1. Purpose**

Begin the abstract two spaces after the last Author Affiliation line. The text should be 1.15-spaced, and each paragraph indented as indicated here. The text should be justified. Use 12-point Times New Roman typeface, and Symbol font if necessary. Your abstract is limited to two pages of A4 paper, or U. S. 8.5" x 11" letter paper. The margins must be 2.0 cm on all sides for A4 paper. For U. S. letter paper, the margins are 0.9" left and right, and 0.4" top and bottom. Images and drawings may be embedded into the text as desired. If images are included, please make sure that the resolution is suitably high. No references must be included in the extended abstract.

**Figure 1.** Captions in Times New Roman font size 11.

### **2. Design, Methodology or Approach**

Abstracts (in pdf format) must be submitted in English, and presentations must also be made in English. Abstracts are subject to review. Please, do not forget to indicate before submission whether you prefer to present your research work as a poster or as an oral presentation. Abstract acceptance and the form of presentation will be communicated via e-mail after review is completed.

Abstracts will be published exactly as submitted. Copy should be checked for accuracy and typographical problems prior to submission. Submit abstracts by e-mail, as attached file, to <http://congresse2kw.uclm.es/submissions/>

### 3. Results/Findings

Present your results (findings) in this section.

**Table 1.** Example of a table.

<b>Greek</b>	<b>Lower Case</b>	<b>Upper Case</b>
Alpha	$\alpha$	A
Beta	$\beta$	B
Gamma	$\gamma$	$\Gamma$
Delta	$\delta$	$\Delta$
Epsilon	$\epsilon$	E
Lambda	$\lambda$	$\Lambda$
Omega	$\omega$	$\Omega$

### 4. Conclusions

Add the main conclusions of your work.
